

17th May 2024

Dear Parents

YEAR 10 SCIENCE PERIOD 60 SESSIONS

I write to invite your child to join the Year 10 Science period 60 sessions this academic year. It is my view that your child has the ability to benefit from some extra tuition in the subject in order to give them the best possible chance of achieving their target grade. These sessions will cover elements, which will most certainly benefit students' understanding of the subject, and consequently support their ability to gaining a good grade, for example:

Date	Time	Staff	Subject	Title
4th June	3.05 - 4.00	LCN	Biology	Paper 1 key concepts from year 9 - cell structure, transport and organisation
11th June	3.05 - 4.00	SCH	Chemistry	Rate of reaction revision
18th June	3.05 - 4.00	NPR	Biology	Paper 1 RP revision
25th June	3.05 - 4.00	ILE/ LGN	Physics	Paper 1 Key Concepts

The lessons will be taken by different science teachers each week and will take place every Tuesday afterschool until 4.00pm in the sixth form quiet study (opposite Sc10). The first session will be on Tuesday 4th June.

The year 10 science mock exams take place on the following dates

Tuesday 25th June – Biology Paper 1

Wednesday 26th June – Chemistry Paper 2

Monday 1st July – Physics Paper 1

We are studying the AQA Exam board and your child will either be studying triple science or combined (double) science.

Past papers and revision resources can be found through myHighcliffe under the “learn” tab and then science.

Students also have access to Kerboodle, where the GCSE textbooks, worksheets, exam question and plenty more resources can be found. They can use the log in details on their myHighcliffe to access this.

If you would like your child to participate in these sessions, please return the reply slip below to myself.

Yours faithfully

Mrs Samantha Chapman

Head of Science
